

Thursday – Let's explore time

Here are some ideas to help you.

Make your own clock using a paper plate or by cutting a circle out of cardboard. Use a real clock to help you to write the numbers correctly and make your own clock hands. You could set the clock to different times to help you know when it is time for something, e.g. if you want to know when bedtime is. Ask an adult to help you set your clock to that time so you can check it against a working clock to know when you need to go upstairs.

Ask your friends and family to play 'What's the Time Mr Wolf?'

One person stands with their back to the group and everyone else asks, "What's the time Mr Wolf?" Mr Wolf says a time, e.g. "4 o'clock" and everyone steps forward 4 steps. Continue with different times, until Mr Wolf says "dinnertime!" and chases everyone back to the start. The person Mr Wolf catches, becomes Mr Wolf next.

Challenge

Can you learn o'clock?

Watch the first 6 minutes to help you.

<https://www.youtube.com/watch?v=r2K1Py9U87I>

You could make a clock outside using natural materials.
