#### British Values:

Here at Sir Alexander Fleming Primary School, we equip children with the skills and knowledge to prepare them for life in modern Britain. In order to do this, children are taught the importance of British Values, different religious beliefs, relationships (RSE), making healthy life style choices and SMSC in their community and in the wider world. At Sir Alexander Fleming Primary School, these subject areas all fall within the subject area of 'Citizenship' (previously referred to as PSHE). We know that by providing all children with these skills, it will successfully enable them to be positive British Citizens. The Department of Education reinforced that all schools are required to ensure that key 'British Values' are taught to pupils. The Government set out its definition of British values in the 'Prevent Strategy.' These values are democracy, the rule of law, individual liberty, mutual respect and tolerance of those of different faiths and beliefs. At Sir Alexander Fleming Primary School, these values are reinforced regularly and in the following ways: Democracy: Children have the opportunity to have their voices heard through our active School Council and through regular pupil questionnaires. The elections of school council members for each class are based solely on pupil choice. The Rule of Law: Throughout the school day, the importance of laws, are consistently reinforced. These may, for example, be by using our school code of conduct to deal with behaviour or as part of an assembly theme. Our children are taught the value and reasons behind laws that govern and protect us, the responsibility that this involves and the consequences when laws are broken. Individual Liberty: When in school, our pupils are encouraged to make choices, knowing that they are in a safe and supportive environment. We encourage our children to know, understand and exercise their rights as children and when they enter adulthood. Mutual Respect: Our school ethos and Behaviour Policy revolves around core values such as 'respect' and children have been part of discussions and assemblies related to what this means and how it is shown. Tolerance of those of Different Faiths & Beliefs: This is achieved through enhancing our children's understanding of their place in a culturally diverse country and by giving them opportunities to experience such diversity such as through assemblies and visits to places of worship. Pupils and their families of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school.

In the light of this we will ensure that the SMSC development of our pupils is promoted across the curriculum and in the wider life of the school by: Offering a creative curriculum, through which we will be preparing children for the opportunities, responsibilities and experiences of later life in modern Britain. The curriculum will actively promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect of those for people with different faiths and beliefs. Class teachers at Sir Alexander Fleming Primary School ensure objectives of the curriculum are being met but try to personalise and make learning relevant to

their children. Celebrations and achievements are shared at Sir Alexander Fleming Primary School of all kinds. Experiencing fascination, awe and wonder such as Forest schools, Visits, Visitors to school and Assemblies. Pupil voice is promoted by a School Council and Child Safeguarding Board. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life.
