	When co gap for w The perc writing.	riting,	reading	and m	aths co	mpare	d to 20	022.									Ū	

KS2

When comparing the Year 6 disadvantaged pupils to the National benchmark for other pupils nationally, our disadvantaged pupils achieved below non-disadvantaged children nationally.

	Y6 PERCENTAGE ON TRACK FOR ACHIEVING AND EXCEEDING A.R.E															
	READING						WRITING				MATHS					
Year 6	No.	BWT	WT	ARE	GD	% on	BWT	WT	ARE	GD	% on	BWT	WT	ARE	GD	% on
						track					track					track
PP All	33	3	36	43	18	51	12	30	55	3	58	3	45	45	6	51
PP G	14	0	29	43	28	71	7	22	64	7	71	0	43	50	7	57
PP B	19	5	42	42	11	53	16	37	47	0	47	5	47	42	6	48

This means that the disadvantaged pupils leaving KS2 are not performing inline with their non-disadvantaged peers in reading, writing or maths.

PP pupils are not disadvantaged by low attendance.

Attendance Support Officer has worked closely with the inclusion team and HT to identify families where attendance has been an issue. Through meeting every 3 weeks, we have been able to identify and target families whose attendance is falling below our target of 95%. Letters are issued to encourage parents to think carefully before allowing their children to stay at home, TLC calls are made, attendance panel with our Attendance Governor, first warnings are issued when necessary. Attendance Support tracks attendance, absentees and lates closely and issues a newsletter each week to make parents aware of the attendance in each class, the winning class and the number of lates and lost minutes to learning each week. Incentives have been planned to encourage children to arrive on time and everyday; we have had Early Bird Week, Attendance Heroes, Schoolopoly, end of term awards. We have offered Breakfast Club places for free to certain disadvantaged children who are persistently late or absent.

Our attendance ended on 93.51% last academic year which means that we were below the National Average; on reviewing our attendance the dip was due to Covid in January and February 2021.

Reduced number of FTE this year in comparison to other years. Behaviour mentors have been working closely with children and the report card system has worked well.

	2017-2018	2018-2019	2019-2020	2020-2021	
Sessions lost	28.5 days	81.5 days	51.5 days	16.5 days	50 days
	57 sessions	163 sessions	103 sessions	33 sessions	100 sessions
Perm Ex	0	2	0	0	0

Nurture groups have developed over the year and have specifically targeted disadvantaged pupils who are identified as requiring additional support in KS1 and KS2. The Den has supported academic progress for a group of Year 6 children who find learning within the classroom environment challenging.

SLT have monitored behaviour logs of key children. Individual tracking of these children through SDQs and Boxall Profiles have shown an impact on their attitudes towards learning and behaviour. There has been an increase in FTE in 2021-2022 due to increased physical violence towards children and adults, damage to property and persistent disruptive behaviour from a core group of year 6 children (girls and boys).

Disadvantaged Attendance

Our attendance target for Disadvantaged children is 95% so during the academic year 2021-2022 we are 1.49% lower at 93.51, however the whole school attendance was 95.01%. The difference between the Disadvantaged pupils and their non-Disadvantaged peers has increased over the last academic year.

	We will continue to develop strategies for the academic year 2021/2022 to maintain and build on the success and diminish the difference without as many restrictions due to C-19.
Ensure all disadvantaged pupils are provided with excellent pastoral care and provided with fair access to the wider curriculum	Having reviewed our cultural capital offer this year and with limited covid restrictions we were able to offer wider curriculum experiences again. During the Spring term, we had a Viking experience for Year 5 and this was subsidised. Year 6 children attended Arthog for 5 days and this was subsidised for PP children We have visits planned for September 2021, payment plans are created with parents and some residential visits are subsidised. Through Pupil Voice with PP children from all year groups, we were able to ascertain that pupils feel well supported pastorally. Behaviour mentors through the SLT have targeted pupils who need mentoring and support with behaviour. Nurture provision has addressed the social and emotional needs of the children in KS1 and KS2. Inclusion support assistant works with children 1:1 to support SEMH. Inclusion team who work closely with children and families.
Disadvantaged pupils are less likely to have the appropriate equipment for school (uniform, shoes, PE Kit, Forest School kit)	School uniform is the clothing pupils are required to wear at school. There is a general belief in many countries that school uniform supports the development of a whole school ethos and therefore supports discipline and motivation. Evidence indicates that providing school uniform does not improve learning but can successfully build a sense of belonging and a development of ethos EEF foundation 2018
	We ensure that all children have the appropriate equipment for school activities – PE kit, Forest School kit, shoes, PE kit and trainers. We issue new kit and uniform to children when it is needed, and we have a supply of school shoes and coats that have been donated to school. The inclusion team will identify disadvantaged families that need the support. We provide payment plans for uniform (we do not supply free uniform to disadvantaged families) We have sent out the Uniform Expectations for September 2022 and will offer support where needed.
